Start by Believing Campaign Survey

When we first launched the Start by Believing campaign in 2011, we knew the philosophy was critical for the community and criminal justice response to survivors. What we didn't yet understand was the depth in which the campaign would be welcomed, and the creative steps you all would take to spread the message locally, regionally, and statewide. It has been exciting to see this campaign evolve!

To keep the momentum going, we need your assistance! We are interested in hearing from communities who have launched a Start by Believing campaign to learn more about your experiences, suggestions, and feedback. This will help to ensure we are providing the resources and support you need to be successful.

Start by Believing Campaign Survey

Thank you for participating in this survey. We are interested in hearing from communities who have launched a Start by Believing campaign to learn more about your experiences, suggestions, and feedback. This will help to ensure we are providing the resources and support you need to be successful.
